

OFFICIAL DECLARATION FOR DISINFECTION

Grupo AC Marca as holder and exclusive manufacturer of Sanytol disinfectant products, hereby certifies that the product **SANYTOL MULTIPURPOSE EUCALYPTUS**, has successfully overcome the European efficacy norm **UNE EN 14476: 2014 Chemical disinfectants and antiseptics - Quantitative suspension test for the evaluation of viricidal activity in the medical area - Test method and requirements (Phase 2/Step 1)** against test organism **Human Coronavirus 229E**.

Given that COVID19 virus cannot be used for testing against viricidal activity, a specific assay with a member of the same Coronavirus family, **Human Coronavirus 229E**, has been used. According to the state of the art, the product is expected to be effective against other members of this family, such as COVID19.

This declaration is only valid for the products **SANYTOL MULTIPURPOSE EUCALYPTUS**.

Signed in l'Hospitalet de Llobregat the 25th of February of 2020
